

ASPIRE Colleagues,

January has been a challenging month historically for enrollment but there is still time to make this a successful month! If half of the 16 consented subjects go forward with their baseline visit we can end January having met our goal of 10 new subjects. If you have a consented patient, please do all you can to make this happen!

Please join us for our Webinar this Wednesday when we will review Best Practices for screening, consenting and randomizing for ASPIRE.

ASPIRE POSTER

A patient-facing ASPIRE poster has been approved by the CIRB.

You can download it from WebDCU Toolbox>Project Documents (*ASPIRE Flyer w.placeholder_12Dec2023*), add your contact information and post in patient areas.

Thanks to Sophie Aboagye at Froedtert Hospital, Milwaukee, WI for creating the poster!

Please email ASPIRE@yale.edu with your ideas for promoting ASPIRE!

RESEARCH STUDY

ASPIRE

Have you or a loved one had a stroke in the past 6 months?

ASPIRE might be able to help you!

ASPIRE is a research study comparing two blood thinners to determine which is better at reducing the risk of stroke in patients with atrial fibrillation and a recent brain hemorrhage.

If you participate...

- We will coordinate with your doctors to ensure your health.
- We will check on you regularly, either in person or by phone.
- We will pay you for your time to complete study visits.
- We will provide you with your study medication.
- If you want one, we will provide you with a home blood pressure monitor.

If you are interested, Call today:

DRUG Form Updates

- Updates to ASPIRE drug forms (F512, F513, and F514) were implemented on 1/11/24. Most of the changes were minor and intended to clarify start dates for study drug kits.
- An email will be coming soon from WebDCU about the changes, including tracked change versions for the forms.

DATA Clean-up

- As expected, there are some outstanding data due to the holidays.
 - Please clean up your ASPIRE data as soon as possible.
 - o We need up-to-date data for an upcoming database lock in March, and
 - o Payments for ASPIRE activities can't be issued until data are inputted and cleaned.
 - **REMINDER:** WebDCU sends Data Past Due email notifications but **doesn't** send an automated WebDCU email when a form is queried.
-  To see all pending Data Clarification Requests (DCRs), you need to please review your subject CRF binders for **RED ICONS**.
