

Neuro-EM SCHOLARS

Career Development Program
for Emergency Medicine Research
in the Neurological Sciences

K12 SCHOLAR PROGRAM

Recruits, mentors, and trains early career emergency medicine faculty in the U.S. to perform NIH-funded research on neurological disorders commonly treated in pre-hospital and emergency department settings.

Who is Eligible to Participate?

- Clinically practicing emergency medicine physicians within their first two years of initial faculty appointment (*after residency or fellowship training*)
- Applicants must be citizens or noncitizen nationals of the U.S. or have been lawfully admitted for permanent residence at the time of appointment

What Participants Will Receive

- \$115,000 in salary support + \$40,000 for research and career development costs per year for up to 3 years
- An indirect rate (8%) is allowed

K12 Scholar Application Deadline

October 1, 2024

K12 Scholar Applicants Accepted

3 new scholars per year

PIPELINE PROGRAM

Aims to promote the diversity of emergency medicine research and the pool of successful physician-scientists by providing advance training for investigators who are not yet eligible or ready to apply for the K12 program.

Who is Eligible to Participate?

- Senior residents
- Fellows
- First-year faculty
- Participants must be nominated by a chair, division chief and/or program director

What Participants Will Receive

- Grant writing training and support 1-2 years before they might apply for the Neuro-EM K12, with the expectation that they will then apply for the K12 when eligible

Pipeline Program Nomination Deadline

October 1, 2024

Pipeline Program Participants Accepted

Up to 10 nominees per year
