First Enrollment at Site

Kaiser Permanente LA MC

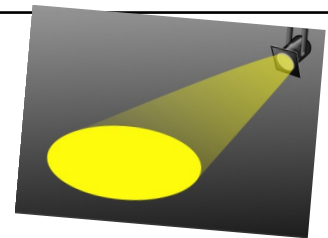

M Health Fairview Southdale Hospital

New Sites Released to Enroll

Mayo Clinic Phoenix

Sutter Medical Center

JFK Medical Center

Sites with Newly Executed CTA

SUNY Upstate Medical University

Rhode Island Hospital

Happy National Pharmacy Week (October 20-26, 2024)

We sincerely appreciate your hard work and dedication.
Thank you for playing such a crucial role in our SISTER trial!

Reminders, Updates & Tips

- ◆ As of 10/7/2024, there are 250 missing, expired, or rejected “people” regulatory documents and 107 “site” regulatory documents. Please make sure you are uploading your documents as soon as possible.
- ◆ Data Related Reminders
 - √ Site pharmacists need to fill out the Subject Study Drug Mixing form in WebDCU within 72 hours of study drug administration.
 - √ F105 Laboratory Tests at the Hospital Discharge visit in WebDCU should reflect the lipid panel and Hemoglobin A1C values first collected during hospitalization.
 - √ New questions Q19-Q21 have been added to the Screen Failure form. If Q15 = ‘No’, please answer these questions. Q19-Q21 should be answered for future patients as well as for screen failures that are already in WebDCU. If you do not have the data, please leave the questions blank. Do not enter ‘o’ unless the true value is ‘o’.
 - √ You must post the End of Study visit to fill out F126 End of Study. If the subject completes the study, the End of Study visit should be posted immediately following the Day 90 visit, and the visit dates should match.

Don't forget about the new Pharmacy Video of a mock randomization of compounding the study drug!

Reach out to the SISTER Team for any questions!
