SLEEP SMART NEWSLETTER

Sleep for Stroke Management and Recovery Trial

Recent Randomizations!

- **CEDARS SINAI, CA:** VICKI MANOUKIAN AND OANA DUMITRASCU MD
- **BROOKS REHAB, FL:** TAISIYA MATEV AND PARAG SHAH MD
- **PALMETTO PRISMA HEALTH, SC:** MIHYUN JANE LIM AND SOUVIK SEN MD
- **BARNES JEWISH, MO:** WILLIAM HOLT AND ERIC LANDSNESS MD, PHD

Reminders

- Those who decline informed consent should be logged into WebDCU under Study Progress tab > Screen Failure Report.
- NDMC has created a step-by-step instruction document for sites describing what needs to be done in WebDCU in order to enroll and randomize a subject. The document is called "Sleep SMART Enrollment and Randomization Instructions and can be found under project documents in WebDCU.
- Once a subject is randomized in WebDCU, please don't forget to log back into KOEO to give the randomization assignment.
- DOA changes: If you have submitted your site regulatory packet to the CIRB, please be aware that any change to the DOA will require an administrative amendment. This includes adding/removing team members and changing roles and responsibilities. If possible, please try to consolidate changes. If fCOI is required for added team members this will need to be collected and uploaded before the administrative amendment can be approved by the CIRB.
- Have webinar ideas or topics you want to see covered? Let us know!

FAQs:

Can my subject keep the CPAP that was used on the run night?
No- please do not dispense the run in night CPAP to a subject.
Always provide a new CPAP if the subject is randomized to the CPAP group. The masks, humidifer basin, and tubing from the run in night however can be given to the subject as extra supplies

FAQs:

Where can I find directions for configuring the T3 and CPAP?
We have 6 documents we call FH MOPS on our website and in WebDCU that will give you step by step instructions on FusionHealth topics.
