

# SLEEP SMART NEWSLETTER

Sleep for Stroke Management and Recovery Trial

## Recent Randomizations! Thanks to all sites for your hard work!

## Reminders

- If you have immediate enrollment questions after 5pm ET or on the weekend, please email [sleepsmart@umich.edu](mailto:sleepsmart@umich.edu). We will not get your voicemail until the next time we are in our offices- and that could be days!
- Those who decline informed consent should be logged into WebDCU under Study Progress tab > Screen Failure Report
- Please review the Data Collection Guidelines for Sleep SMART located in project documents in WebDCU for how to complete the CRFs. This provides great information on how to complete the CRFs and should be the first place you look when you are not sure how to complete a form.
- As a reminder, please respond to all queries and dismiss all rule violations for your site! Also, remember to both save and submit CRFs.
- Do not forget to report AE's- our webinar this month will focus on this topic. It will be on 8/21 at 1:30 ET

**FAQ: My subject has ended participation and I printed the sleep report from KOEO, why is my task still active?**

In the top right hand corner you will notice a checkmark. You must click the checkmark in order for the task to be completed. If you just print the screen, the task will not go away.

- Our first FusionHealth workshop will take place Nov 6. This workshop is completely full and has a wait list. If you cannot make it, and really wanted to go- don't worry! We will be scheduling our 2nd workshop for Jan/Feb 2020.
- Have webinar ideas or topics you want to see covered? Let us know!

**Please visit our Sleep SMART website to find helpful study-related materials: <https://www.nihstrokenet.org/sleep-smart-trial/home>**

We have created a checklist of items that will need to be ready before you are released to enroll. Many of these can be done before your contracts are executed, so please work diligently on these items. This checklist can also be found on our website and in WebDCU.
