

SLEEP SMART NEWSLETTER

Sleep for Stroke Management and Recovery Trial

Welcome New Sites!

- Mission Hospital Memorial, Asheville NC
- Greenville Hospital System, Greenville SC
- Mercy San Juan, Carmichael CA
- Hartford Hospital, Hartford CT
- Sanford Medical Center, Fargo ND
- University of Nebraska, Omaha NE

Congratulations to the top 5% of sites to randomize in Sleep SMART in 2019

- Brooks Rehab Hospital- Jacksonville FL- Taisiya Matev & Parag Shah MD
- Sarasota Memorial Hospital, Sarasota FL- Jeanette Wilson & Mauricio Concha MD
- Barnes-Jewish Hospital, St. Louis MO- William Holt & Eric Landsness PhD, MD
- Palmetto, Columbia SC- Phil Fleming & Souvik Sen MD

192 patients have
been randomized!

January Randomization's:

- St. Cloud Hospital
- St. Joseph's Hospital and Medical Center
- UCSD Health La Jolla
- UCSD Hillcrest Hospital
- University of Cincinnati Medical Center
- University of Maryland Medical Center
- University of Mississippi Medical Center
- University of Wisconsin University Hospital
- Wake Forest Baptist Medical Center
- Barnes Jewish Hospital
- Brooks Rehabilitation Hospital
- Henry Ford Hospital
- Hospital of the University of Pennsylvania
- Kaiser Permanente Los Angeles Medical Center
- McLaren Flint
- Montefiore Medical Center
- Moses H. Cone Memorial Hospital
- Palmetto Hospital

Reminders

- ALL 3 and 6 month assessments must be done by a blinded assessor
- If the window for the 3 month visits ends and you have not been able to reach a subject, please continue to reach out to them until the 6 month window begins.
- Those who decline informed consent should be logged into WebDCU under Study Progress tab > Screen Failure Report.
- Don't forget to collect the IQCODE. This assessment should not be done by the subject. It should be completed by someone close to the subject.
- The baseline NIH Stroke Scale should be done after the subject is enrolled.
- Please report AEs. If you need guidance, please see pg 59 of the Sleep SMART MOP.
- Have webinar ideas or topics you want to see covered? Let us know!

Did You Know? Site Payments

The primary study coordinator at your site can request access to the WebDCU™ payment module information for your site personnel by requesting they be added to the “Site Financial Manager” user group. A request can be made via the [User Permission Request] table in WebDCU™ or you can send an email to the trial-specific DCU Data Manager to request this access. To have access to this user group, the person does NOT need to be on the site DOA.

Next Webinar

February 24, 2020 from
1-2pm ET

This webinar will focus on
care management, so
please tune in!

Patient Concerns about CPAP and SleepSMART: Asthma

Patients with lung diseases such as asthma may wonder whether CPAP might worsen their condition, make it harder for them to breathe, or interfere with other treatments such as administration of supplemental oxygen. In fact, breathing in patients with lung diseases can worsen during sleep. However, correction of sleep apnea by use of CPAP often diminishes or eliminates that deterioration during sleep. For example, nocturnal asthma or poorly controlled asthma may improve when OSA is treated by CPAP. Moreover, supplemental oxygen for patients who use it can be administered through a CPAP machine.

FusionHealth T3 reading times

Mon-Fri: 10am, 2pm EST

Sat/Sun: 10am, 4-6pm EST

Informed Consent Re-training

On 1/16 sites that are released to enroll were sent an email regarding informed consent re-training. The email contained a PowerPoint presentation that addressed common consent issues that we have been seeing across sites. The email also included an informed consent checklist and a consent attestation that needed to be signed by the PI and Primary Site Coordinator by 1/31.

We ask that every site use the informed consent checklist when consenting a subject to avoid common consent issues. This document can be found in WebDCU in the Toolbox or under the Recruitment/Enrollment Tab on <https://www.nihstrokenet.org/sleep-smart-trial/research-team>.

Common consent issues

- Consent conducted by study personnel not listed to consent on DOA
- Subject consented with the non-IRB-stamped, but current version of the consent
- Witness consent process not used when indicated
- Patient signed a consent form but was found not to be eligible
- Person obtaining consent did not sign the informed consent
- Study coordinator initialed and dated correction for the subject
- LAR used when not appropriate

Please visit our Sleep SMART website to find helpful study-related materials: <https://www.nihstrokenet.org/sleep-smart-trial/home>

Sleep SMART Coordinator of the month

Congratulations to Taisiya Matev!
Brooks Rehabilitation Hospital, Jacksonville, FL

Taisiya was chosen as the coordinator of the month for her dedication to the Sleep SMART. Her site continues to remain at the top of our leader board for most randomized subjects with 21 total! Taisiya has helped in improving numerous study documents to better serve subjects in Sleep SMART and has gone out of her way to help other site coordinators by addressing enrollment questions and providing tips.

If you are a site that has a coordinator that you think should be featured, let us know!

New study team member

You may have noticed Emily being copied on recent emails from Kayla, Helgi, or Joelle. Emily Herreshoff is at the University of Michigan and will be helping out on Sleep SMART once Kayla goes on maternity leave in April.

Eligibility questions: 9am to 8pm ET: sleepsmart@umich.edu

Fusionhealth (Nox T3, KOEO, aCPAP, Masks): 9am to 5pm ET: 1-888-505-0280 ext 4006

WebDCU emergency randomization hotline: 1-866-450-2016

Project Managers: Kayla Novitski kcgossel@med.umich.edu and Joelle Sickler sicklejb@ucmail.uc.edu

WebDCU help: Faria Khattak khattak@musc.edu and Jocelyn Anderson anderjoc@musc.edu
